Includes training on financial Aptitude to drive improved performance.

Using scheduling and Huddles to achieve level flow.

### Steve Trapp

Steve graduated with a degree in Economics and a minor in Accounting from the University of Wisconsin-Eau Claire. He served in Sales and Marketing roles with 3M during the 3M ARM\$ program's expansion. He went on to work for AutocheX doing business consulting.

In 1990, he started the industry's first paint company value-added program, wrote numerous management courses; after standardizing the chart of accounts, he started numerous 20 groups.

Starting in 1996, he served as an MSO Vice President of ABRA Auto Body and Glass where he helped develop their management and accounting systems, company-wide SOP's, staff development program, and ran the integration team as they grew from 23 to 73 locations.

He later jointed DuPont / Axalta to lead their National Account Retention business team, and was also tasked with co-writing Business Management courses, Performance Groups, 50+ eLearning modules and other SOP tools used to help Axalta's customers develop employees. He later served in the same role in Europe, Middle East and South Africa moving the same processes across the globe.
